and color!

Once upon a time there was a
little water drop which lived in the sea.

and color!

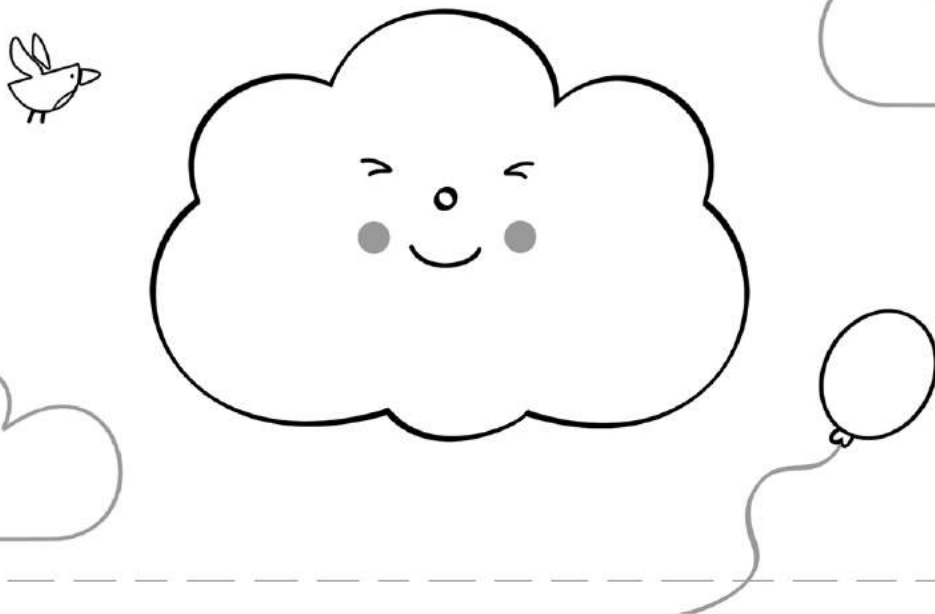

One day ,while she was lulled by the waves,
Littledrop got warm and flew high in the sky.

and color!

While she was flying higher and higher, she met some more water drops.

They joined their hands and, with the help of a good wind, formed a smiling cloud.

Print on paper, cut along the dotted line and color!

They quickly flew very high in the sky,
but there, they began to feel cold,
and, suddenly, it started raining.
